

# Awareness to All Hindus & Muslims

This is an Answering Session to a Questionnaire floated by VHP activists. Since the presentation is lengthy, it has been divided into Part-1 and Part-2.

## Part - 1

*Are you a  
Secularist?*

# Definitions of Secularism

- Not inclined towards any particular religion, caste, creed, community or a dogma
- Worldly, just opposite of religious
- Indifferent to Religion
- Being Neutral to all religions
- Exclusion of Religious considerations in civil affairs
- Separating Religion from all other forms of activities of a Nation such as education and other civil affairs.
- Freedom of religion – Freedom from imposition of a particular religion by the government upon the people.

# Secular Definition Suitable to India

- Since many religions are practised in India, the same cannot be done away with by any Government
- Religion has been deep-rooted into Indian societies, appropriately

# The Indian Secularism

Hence the correct definition of being Secular  
will be this :

Unity in Diversity

Approve and accept all religions without  
impeding and infringing the rights of one  
another

*There are nearly 52 Muslim countries.*

*Show one Muslim country which provides Haj subsidy.*

# Hajj Subsidy – Who Needs ?

- The Governments of all Muslim countries are aware that Financial Help to the Hajjis is undesirable.
- Hajj is ordained for or obligatory only on those who are physically and financially capable of performing the journey.
- Muslims do not like their Hajj Trip financed by any other person or by any Government body.
- In the form of Hajj Subsidy is the Government of India really extending financial help to the Hajjis ? No. It is merely an eye-wash!! The GOI gives some discounted amount to the Air India for their over-priced ticket. Hajjis receiving the supposed subsidy are only allowed to travel through Air India, thus filling the Coffers of the Airlines considerably, since almost 100,000 Hajjis are expected to go for Hajj, every year.
- Any Airline in this world would gladly offer discount to such a huge number of passengers, should Hajjis be allowed to travel on their own. Chartered trips could still be at the lowest fares.
- Haj Committees should be allowed to float a Global Tender to choose Airlines through Bidding, which would result in still cheaper fares paid to them, without incurring a single paisa expense to the Government.
- Hajjis are actually providing Rupees 850 million to Rupees 900 million as revenue to Air India every year. That is why even the BJP Government during its 6 years tenure of rule could not stop the supposed subsidy.

*Show one **Muslim** country where  
**Hindus** are extended the special  
rights that **Muslims** are accorded in  
**India**?*

Answer :

# What are the special Rights ?

- It seems Hindus (VHP Only) want special rights as Muslims got them in India. VHP is trying to implant an inferior feeling amongst common Hindus, without explaining the special rights of Muslims.
- In all the Muslim countries wherever Hindus are given Citizenship are also given Special Rights.  
**Read on to understand them.**
- Let us see the **Special Rights For Muslims** and also offer the same to our VHP brothers ....

# Special Rights of Muslims

Indian Muslims are guaranteed special rights under the Constitution. They are :

- Men may marry **four** times
- Women have virtually **no alimony** rights in a divorce.
- Inheritance, marriage and virtually all **noncommercial** laws are governed by **Sharia**, or **Muslim law**.
- **Quotas** give Muslims preferential status in Government employment.
- In Kashmir, a Muslim state, all non-Kashmiri **Indians** **are banned from owning real estate**

# Special Rights For Hindus in Muslim Countries

- There is no need to announce Special Rights for Hindus, because whatever the Rights Muslims have been allotted in India i.e. getting married to 4 wives, alimony to divorced women, purchase of property, establishing businesses. etc **are also applicable to them**, if they chose to avail them in a Islamic Country **where they are citizens**. They also have a very special right - **exemption from Zakath payment (Automatic deduction of 2.5% from their Bank Balance) and exemption from Military Service**.
- If a Hindu wants to exercise his own personal law in the matter of marriage, divorce etc. being in a Muslim Land quietly he could do, i.e. remaining without marrying 4 women, giving financial help to his Divorced wife, distributing his property as he wishes.
- Employment quota and representation in the Government etc. are already accorded rights to them.
- If they still have grievances, they could take up the matter with the appropriate Governments, discuss and get the matters finalized.

*Show one country where  
the 85% majority craves  
for the indulgence of the  
15% minority.*

# Indulgence Of Hindus towards Muslims

- Whatever the so-called indulgence you talk about is only for garnering Support and **Votes** of Muslims.
- Muslims constitute nearly 25% of the population and remain a **deciding factor** for Victory of a candidate in elections.
- BJP was not an exemption to this when it ruled India for many years.
- Hindus **neither form such a powerful minority force nor being a deciding factor for Victory** in the elections, in any other country, be it a Muslim country or Non-Muslim Country, to decide the fate of the Government.

# Majority Craving For Minority

- In almost all countries, irrespective of percentage of minorities and irrespective of their religion, the Majority always craves minorities for support at the time of elections.
- The more the percentage of minority the more the indulgence and craving.

# Actual Face of Craving Minorities

- Every time there is a bomb blast immediately the agencies and the media declare that it is done by some Muslim organization without any proof.
- Hundreds of innocent young boys are picked up, what follows are illegal detentions, torture, arrests, harassment of families, forcing the families and victims to sign blank papers.
- For years these helpless victims are tortured in jails, denied legal aid, even lawyers who try and fight their cases are attacked openly in courts. Their images tarnished for life time.
- If they are lucky they get let off after years as neither the agencies nor the police have any proof against them. The cacophony of stricter laws rises so that a police can extract a confession by third degree torture and present that as evidence.
- Through this systematic vilification campaign the process of demonization of minorities continued unabated.
- There are constant attacks on minorities on one pretext or another. Orissa thousands of Christians have been attacked, rendered homeless, their homes ransacked and looted and burnt down, churches attacked and even orphanages are not left alone.
- Last few days the only Muslim village Nandepeda in the Dangs, Gujarat has been attacked, ransacked. Villagers have been beaten up brutally including women and children. All men have fled to the jungles. The police not only took away all the goods but before going they **poured kerosene into the eatables** so that they could not eat anything too.

*Show one **Muslim** country,  
which has a Non-Muslim as its  
**President or Prime Minister.***

# Non Muslim Leaders in a Muslim Country

- This question is circulated very proudly throughout the world ever since Abdul Kalam was appointed President of India. Prior to his appointment, 2 more Muslims held the Presidential office. Of course it was a matter of pride for Indians as well as for Muslims.
- But, if you think that **this happens so only in India**, then you are mistaken. Prior to India's Independence and still prior to British Raj, Muslims have appointed a great number of non-Muslims to very prominent posts.
- Apart from India, wherever Muslims rule was there, throughout the history Muslims have favoured Non-Muslims and conferred upon them with many a high ranks in the Government. Let us see them one by one...

# Non-Muslim's Appointment In Islamic Rules

- **1.** The Republic of Senegal in West Africa, which is nearly 95 percent Muslim, had a Roman Catholic president for two decades (1960-80), till his retirement. In his years presiding over that relatively open society, Léopold Sédar Senghor never once had to deal with anti-Christian disturbances in the streets of Dakar. His political opponents called him a wide range of derogatory names – hypocrite, stooge of the French, dictator, political prostitute – but virtually never taunted him for being a *kafir* (infidel).
- **2.** But the ecumenical story of Senegal did not end there; the first lady is Catholic. One can understand the plight and censure Rajiv Gandhi faced for Sonia being his wife. VHP is still questioning, even in this Questionnnair if Sonia's Italy is Secular. Can anyone imagine the Amecian Presidential Candidate Obama simply declaring during an interview with CNN or 60-minutes telecast saying, "Incidentally, my wife is a Shiite Muslim"? That would almost certainly mark the end of his hopes for the White House.
- **3.** In the 1990s Iraq has had a Chaldean Christian deputy prime minister, Tariq Aziz. And Boutros Boutros-Ghali, a Coptic Christian, would never have been appointed secretary-general of the United Nations if not for his long and distinguished service in the foreign ministry of an otherwise Muslim government in Egypt.

## Non-Muslims Appointment in Islamic Rule

- **4.** Islam, on the other hand, has protected minority religions throughout its history. Jews and Christians had special status as People of the Book – a fraternity of monotheists. Other religious minorities were later also accorded the status of protected minorities (*Dhimmis*). The approach has had its successes.
- **5.** Jewish scholars rose to high positions in Muslim Spain.
- **6.** During the Ottoman Empire, Christians sometimes attained high political office: Suleiman I (1520-1566) had Christian ministers in his government. So also did Selim III (1789-1807).
- **7.** The Moghul Empire integrated Hindus and Muslims into a consolidated Indian state; Emperor Akbar (1556-1605) carried furthest the Moghul policy of bringing Hindus into the government.

# Non-Muslims Appointment in Islamic Rule

- **8.** 17 year Muslim general, Mohammad bin Qasim, after conquering Sindh (Pakistan) appointed the Prime Minister (Dewan) of the defeated Hindu raja as the new ruler of Sindh.
- **9.** Caliph Abd Al-Malik (685-705 CE) allowed his courtier Athanasius, a Christian to build a Church in Edessa, dedicated to the Mother of God (Holy Marry). Caliph Al-Walid (705-715 CE) helped his Christian subjects to build St. John Church in Halwan (a Muslim town), Jacobite Church at Antioch. Khalid al-Qasri (724-738 CE), governor of Iraq, built a Church for his mother, who was Christian to worship.
- **10.** The father of St. John of Amascus was a counselor to Caliph Abd al-Malik (685-705 CE). Another Christian Arab, Al-Akhtal was Caliph's court poet.
- **11.** Athanasius, a Christian scholar of Edessa was tutor to the governor of Egypt, Prince Abd Al-Aziz. He is known to possess 4,000 black slaves, numerous villages, houses, gardens and gold and silver like stone. His sons used to take one Dinnar (US \$150) from each of 30,000 Egyptian soldiers on each pay cheque.

# Non-Muslims Appointment in Islamic Rule

- **12.** Abu Nuh al-Anbari, Christian was Chief secretary to Abu Musa, the governor of Mosul (791-798 CE).
- **13.** Caliph Muawiya's wife was a Christian, so was his poet, physician and Secretary of Finance.
- **14.** During the Dark Ages, Spain was split up into immense domains whose owners, Franks or Goths privileged and clerics, lived in palatial mansions where they spent their days in riotous and wicked indulgence. The local Christian and Jews known as the "serfs or slaves" who worked under the pitiless lashes of cruel overseers. When the Muslims defeated the Goths (748 CE) and established new state of Andalusia, they took the agricultural land from the Church and the Goths and distributed among the serfs, for which the Church never forgave them and the Muslims paid a very heavy price for that kindness during 1494-99 CE.
- **15.** The Grand Wazir (prime minister) of Amir Abdul Rehman II of Andalusia was a Christian and his royal physician was a Jew.
- **16.** Saimuyah, a Christian was Secretary of state during the reign of Caliph al-Mutasim (833-42 CE). Saimuyah's brother, Ibrahim was the Chief of Treasury (Beytal Mal).

## Non-Muslims Appointment in Islamic Rule

- **17.** Umar bin Yousuf, a Christian, was governor of Anbar during the reign of Caliph al-Mutadid (892-902 CE).
- **18.** Nasr bin Harun, the prime minister of Adadud Dawlah (949-982) of Buwahid dynasty of Persia and Iraq was a Christian.
- **19.** Gabriel, the personal physician of Caliph Harun al-Rashid was a Christian. Gabriel used to receive an annual salary of US \$3.2 millions.
- **20.** Al-Aqdisi, a Jew was a state minister during the reign of Caliph Al-Mutdid (892-902 CE).
- **21.** Salah-al-Din (ra) allowed the Christian, rejected and despised by the Christian prince Bohemond (Franks) in Antioch, to return to Jerusalem.
- **22.** Jodha Bai, a Hindu princess married the Mughal Emperor Akber (India) and became the first Hindu Queen of the Indian Muslim empire.

# Non-Muslims Appointment in Islamic Rule

- **23.** Several Hindu Brahmins and Rajputs held the position of Prime Minister and Commander-in-Chief during the ten centuries of Muslim rule over India.
- **24.** The Christians of Constantinople hailed Sultan Mohammad the Conqueror (1453 CE) as the Saviour. The Sultan himself went to see patriarch Gennadios, and personally gave him the Pastoral Staff, a purse of 1,000 gold coins and the best horse from the royal stable.
- **25.** Many Christians and Jews held responsible positions in the courts of Ottoman Caliphs. Two even served as the Grand Wazirs. The treatment of their Christian and Jewish subjects was so generous that the Patriarch Macarius could not but say. "Even slaves under Turkish regime were much better than under Christian rulers."

# Will Durant, an American, says in his book, *The Story of Civilization* About the **Special Rights** enjoyed by **Non-Muslims**

- “To these Dhimmi – Christians, Zoroastrians, Sabeans, Jews – the Umayyad caliphate offered a degree of tolerance hardly equaled in contemporary Christian lands.
- They were allowed the free practice of their faiths, and retention of their churches.
- Tax payable to the Government by non-Muslims was only from those who are capable of military service; it was not levied upon monks, women, adolescents, slaves, the old, crippled, blind, or very poor.
- In return the Dhimmis were excused from military service; were exempt from the two-and-half per cent tax (Zakath) for the community charity, and received the protection of the government. Their testimony was not admitted in Moslem courts, but they were allowed self-government under their own leaders, judges, and law...”

*Show one **Mullah** or **Maulvi** who has  
declared a '**fatwa**' against terrorists.*

# Who Is A Terrorists ?

- A terrorist is a person who causes terror among the common people.
- Different labels given to the same individual for the same action, i.e. 'terrorist' and 'patriot':
- Before India achieved independence from British rule, some freedom fighters of India who did not subscribe to non-violence were labelled as terrorists by the British government. The same individuals have been lauded by Indians for the same activities and hailed as 'patriots'. Thus two different labels have been given to the same people for the same set of actions. One is calling him a terrorist while the other is calling him a patriot. Those who believed that Britain had a right to rule over India called these people terrorists, while those who were of the view that Britain had no right to rule India called them patriots and freedom fighters. It is therefore important that before a person is judged, he is given a fair hearing. Both sides of the argument should be heard, the situation should be analysed, and the reason and the intention of the person should be taken into account, and then the person can be judged accordingly.

# Fatwa Against A Terrorist

- Unless a person is proved to have carried out a terror act, you cannot expect a Moulvi or Mullah to give Fatwa against him. Fatwa differs according to the Time, Place and Action. For all the crimes Al-Qur'aan has already prescribed Laws and punishments. Islam not only identifies a crime but also shows how to curb it.
- The point is how honest are you in identifying the terrorist. In India if a Muslim carries out a terror activity, he deserves due punishment.
- But what about false cases and illegal detentions. We have punishments prescribed for the ones who falsely accuse people, and getting extracted confessions.

# Illegal Detentions & False Accusations

- Almost all the cases of terror accused on Muslims do not have sufficient evidence.
- If you stress on Moulvis and Mullahs to issue Fatwa, then they should also be allowed to charge, arrest and identify the real culprit then after “confirmation” of the crime, they must be allowed to carry out the prescribed punishment, irrespective of religion, caste or creed.
- They must also be allowed to punish those who put false accusations, torture and extract false statements under pressure, as they wanted.

# For Crimes Islamic Law is the Answer.

- Implement Islamic Sharia Law for Criminals and see the result.
- Your Ex-Home Minister L.K. Advani was in favour of Islamic Punishment (Death) for the Rapists of Nuns.
- Your VHP international General Secretary Dr. Parveen Tagodia is in favour of Islamic Punishment and demanded death sentence for any body indulging in preaching, learning and practicing extremism in the country.
- He is also the one to be tried for such crimes. Proving his case in preaching, learning and practicing extremism in the country would not be difficult, for the law enforcing agencies.

*Hindu-majority Maharashtra,  
Bihar, Kerala, Pondicherry ,  
etc. have in the past elected  
Muslims as CM's, ....*

*Can you ever imagine a Hindu  
becoming the CM of Muslim -  
majority J&K?*

Answer :

# Hindus becoming CM and PM in Islamic States and Countries

- Why not ? Recently I read about willingness of people to vote a Non-Muslim to the Post of Prime Minister or President in Pakistan. Most of the commentators have asserted positively.
- Win the hearts and minds of the Kashmiris. Then you will rule. Do not forget that though they were in Majority, a Hindu was their King for decades.

*In 1947, when India was partitioned, the **Hindu** population in **Pakistan** was about **24%** ....*

*Today it is not even **1%**.*

*In 1947, the **Hindu** population in **East Pakistan** (now Bangladesh) was **30%** .... Today it is about **7%**.*

*What happened to the missing **Hindus**?*

*Do **Hindus** have human rights?*

Answer :

## Hindus Population in Pakistan & Bangladesh

- In Pakistan 24% reduced to 1% and in Bangladesh 30% reduced to 7% is merely your exaggeration, and ridiculous, without any application of mind. Let us do some calculations :
- In 1947 in West Pakistan the population was approx 5 Crores and in East Pakistan it was approx 6 crores.

Population present in 1947 (approx) ...	5,00,00,000
24% Hindus (As per your contention) ...	1,20,00,000
You have kept Alive – 1% ...	1,20,000
Hence, murdered Hindus ...	1,18,80,000
Total days in 60 years (365 x 60) ...	21,900

Per Day killings =  $11880000 / 21900$  ... 542.4

# Hindus Population in Bangladesh

➤ In 1947 the total population was (approx)	...	6,00,00,000
As per your contention 30% Hindus	...	1,80,00,000
You have kept alive 7%	...	12,60,000
Hence, murdered Hindus	...	1,67,40,000
Total days in 60 years	...	21,900
Per Day Killings of Hindus	...	764.3

## Total killings of Hindus in Pakistan & Bangladesh

every day (524.4 + 764.3)	...	1288.7
---------------------------	-----	--------

It seems both the countries did not have any other work except slaughtering Hindus every day. If one day is taken off then the other day they should have killed 2,577 Hindus !! (Don't laugh) Change the figures according to your taste to suite your whims and fancy to manipulate the killings.

# Missing Common Sense

- It is not that the Hindu Population is missing from Pakistan and Bangladesh but it is the **common sense** of VHP that is missing.
- Do not become a laughing stock over the Globe. Instead use your good sense before circulating lies.
- VHP is claiming that in Bangladesh alone 2.4 million Hindus are missing since 1971 ie. 37 years (13505 days). It means, Bangladeshis have been slaughtering at the rate of 177.7 Hindus every day nonstop till today, from 1971.
- We are aware that VHP/BJP were unsuccessfully trying to bring this issue before Human Rights Commission, but due to the lack of evidence and common sense, your case has been rejected.
- Due this, now it has become a practice of VPH to built hate mongering websites to post all their frustration with photographs of stray incidents and claim them to be a treasure of truth, unsatisfied with the commission assuming that Hindus do not have Human Rights !!

*In contrast, in **India**, **Muslim** population has gone up from **10.4%** in 1951 to about **14%** today;  
...whereas **Hindu** population has come down from **87.2%** in 1951 to **85%** in 1991.*

*Do you still think that **Hindus** are fundamentalists?*

# Muslim Population In India

- It is a blatant lie that the Government shows the population of Muslims in India to 14%. Let an independent Agency take the census. Then you will come to know the exact percentage of Muslims. We believe that we constitute approx 25% of the population. And it will keep growing day by day. Hindu population is approx 70% and not 85%.
- Muslims population increases because Muslims do not kill female children, before or after birth.
- Hindus population is going down due to the reckless killing of female children before and after birth, family planning and very late marriages.

Answer :

# Fundamentalism

- Fundamentalism was a word initially used for a group of Christians who believed that the Bible was the verbatim word of God without any errors and mistakes. According to the Oxford dictionary 'fundamentalism' means 'strict maintenance of ancient or fundamental doctrines of any religion, especially Islam'. Today the moment a person uses the word fundamentalist he thinks of a Muslim who is a terrorist. Hindus too should be Fundamentalist, if they are not, provided their Fundamentalism benefits the mankind, instead of VHP's anti-humanity tactics. We have no objection if a Hindu fits into the following criteria and call himself a Fundamentalist.
- A fundamentalist is a person who follows and adheres to the fundamentals of the doctrine or theory he is following. For a person to be a good doctor, he should know, follow, and practise the fundamentals of medicine. In other words, he should be a fundamentalist in the field of medicine. For a person to be a good mathematician, he should know, follow and practise the fundamentals of mathematics. He should be a fundamentalist in the field of mathematics. For a person to be a good scientist, he should know, follow and practise the fundamentals of science. He should be a fundamentalist in the field of science.

# Islamic Fundamentalism

- One cannot paint all fundamentalists with the same brush. One cannot categorize all fundamentalists as either good or bad. Such a categorization of any fundamentalist will depend upon the field or activity in which he is a fundamentalist. A fundamentalist robber or thief causes harm to society and is therefore undesirable. A fundamentalist doctor, on the other hand, benefits society and earns much respect.
- Muslims by the grace of Allah, know, follow and strive to practise the fundamentals of Islam. A true Muslim does not shy away from being a fundamentalist. We are proud to be fundamentalist Muslims because, we know that the fundamentals of Islam are beneficial to humanity and the whole world. There is not a single fundamental of Islam that causes harm or is against the interests of the human race as a whole. Many people harbour misconceptions about Islam and consider several teachings of Islam to be unfair or improper. This is due to insufficient and incorrect knowledge of Islam. If one critically analyzes the teachings of Islam with an open mind, one cannot escape the fact that Islam is full of benefits both at the individual and collective levels.

*In India today **Hindus** are **85%**. If **Hindus** are intolerant, how come **Masjids** and **madrasas** are thriving?*

*How come **Muslims** are offering **Namaz** on the road?*

*How come **Muslims** are proclaiming 5 times a day on loud speakers that there is no God except **Allah**?*

# Tolerance

- Except VHP/BJP/Bajrangdal/RSS other Hindus are generally tolerant. It is the floating 10% dirt on the peaceful pond of Hinduism that is polluting the good hearts and poisoning the ears of peace-loving Hindu community.
- Allah has made the earth vast and easy for Muslims and ordained them to offer prayers anywhere they want. We pray on roads, on platforms, on bus-tops, on train tops, in Aircrafts, in Ships, on the top of the walls, and under-water. Non can stop us. After all we are praying for us, for all, for the humanity, for the world at large.
- Prayer calls 5-times a day, each time lasts a couple of minutes, reminding everyone that Allah is Greatest and time of his prayer is up, which is better than any other worldly affair.
- Loud Speakers of the Masjid do not proclaim any obscene poetry, sensuous music and hateful dialogue.
- Development of Masjids, offering of prayers by Muslims on roads when necessary, calling for Prayers etc continue because we seldom care for the hooliganism of VHP/RSS. Nor do we care in the future.

*When **Hindus** gave to **Muslims** 30%  
of **Bharat** for a song, why should  
**Hindus** now beg for their sacred  
places at **Ayodhya, Mathura And**  
**Kashi?***

# Hindustan is National Property

- Hindustan is not anyone's own property, that you claim that Hindus gave 30% of Bharat to Muslims.
- It can be said the other way round, but as a responsible citizens we do not want to make silly statements.
- If Ayodhya, Mathura & Kashi are sacred to you why do you desecrating the places of worship belong to Muslims ?
- Erect any monument, pray peacefully, celebrate your festivals without encroaching or trespassing properties of others.

*Why **Gandhiji** objected to the decision of the cabinet and insisted that **Somnath Temple** should be reconstructed out of public fund, not government funds. When in January 1948 he pressurized Nehru and Patel to carry on renovation of the **Mosques** of Delhi at government expenses?*

## Renovation of Mosques

- Mosques were damaged by miscreants during the partition and he might have tried to allot compensation/penalty. However, Muslims did not need any financial help for construction / renovation of mosques.
- We do not have any objection if the Indian Government allots entire budget for constructing temples for Hindus. Ask Gandhiji as to why he objected to use Government fund for “reconstruction” of Somnath Temple.

*Why **Gandhi** supported **Khilafat**  
**Movement** (nothing to do with our  
freedom movement) and what in turn  
he got?*

# Khilafath Movement

- **Khilafath is The Best form of Government on this earth, if you chose to compare all sort of systems that gone dead and are prevailing on this earth, including that of a so-called Democracy.**
- **You could find the real meaning of Democracy and method to achieve the true Democracy through Khilafath.**
- **The world's Only Hindu Kingdom, with 86% Hindus for 238 years declared secular on May 18, 2008, being Hinduism not a compatible system to rule.**
- **Earlier the Soviet Union found Communism unrealistic to remain as a ruling power, and relinquished its system.**
- **As a Barrister, and good Analyzer of several systems, Gandhi knows somewhat about Khilafath system, which attracted him to comment so.**

*If **Muslims** & **Christians** are minorities in Maharashtra, UP, Bihar etc., are **Hindus** not minorities in J&K, Mizoram, Nagaland, Arunachal Pradesh, Meghalaya etc? Why are **Hindus** denied minority rights in these states?*

**Answer :**

# Minority Rights For Hindus

- A community cannot have 2 types of Rights at a time in a country.
- Hindus have their Rights granted through Constitution. Hence you cannot claim for Minority Rights within the country in some other States.
- Hindus can become one amongst the Minorities to avail their Rights, if you think those Rights are superior to yours.
- Following their own Personal Law is a Right of Minorities, this Right again offering to Hindus does not benefit anything, since still they will have to follow their own Rights given and re-given to them for the second time.
- If Hindus are adamant to get the Minority Rights, Muslims or Christians will not be a hindrance on their way, because, marrying 4 times, and not giving Alimony after Divorce could be practiced by Hindus. Then in that particular state your job quota will be thrashed to match to the Minorities.
- Not only that, you will have to face all sort of denials of approval for starting a College, to establish a business and to get bank loans etc. as the Minorities are facing now.
- I think wiser counsel will prevail upon VHP to ask such silly demands which put themselves under loss.

*When **Haj** pilgrims are given  
subsidy, why **Hindu** pilgrims to  
**Amarnath, Sabarimalai & Kailash  
Mansarovar** are taxed?*

## Taxed Pilgrimage

- Hajj Subsidy “eye-wash” has clearly been dealt with earlier. It is not viewed as a Grant of Subsidy but Imposition of such undesirable matter on a Muslim Pilgrim, who otherwise would be happy to have performed his Hajj without anyone’s Financial Assistance, he being quite capable to do so.
- It is strange that Hindu Pilgrims are required to pay tax for their Pilgrimage.
- But you may not hide the reports that Gujarat Govt were paying Rs. 20,000/- per Pilgrim recently. Anyway, it is none of our business.
- We are also aware that the Government of India spends millions for the Kumbh Mela and for other pilgrimages of Hindus, in the name of facilities and securities arrangement done to them.

*When **Christian** and **Muslim** schools  
can teach **Bible** and **Quran**,  
.... Why **Hindus** cannot teach **Gita**  
or **Ramayana** in our schools?*

# Teaching **Scriptures** in Schools

- We urge the Government to make Sanskrit language compulsory to Hindus so that at least they read their Scriptures and understand how they are being fooled by a few and how religiously Hindus are Hijacked by their SRI SRIs, Sadhus and Pujaris.
- We also urge the Government to at least introduce Sanskrit into all schools of India and make it optional for Muslims and Christians, so that we learn and be able to teach the ignorant Hindu masses, their own Scriptures, Upanishads and Puranas.

*Do you admit that **Hindus** do have  
problems that need to be recognized?  
Or do you think that those who call  
themselves **Hindus** are themselves  
The problem?*

# Problems of Hindus

- The problem of Hindus is already recognized. VHP/RSS/Bajrandal/BJP combine are the real problem for Hindus. Without these a Hindu will lead a very good life amicably and will learn to live with the sense of Universal brotherhood with all communities and religions.
- But these trouble-makers will misguide them and teach them to hate instead of teaching love and living together.
- Taking women into the fold of Hindutva violence, the *Sangh* Combine has strategically drawn in large numbers of women into its campaigns by using religious festivals as a focal point. From such innocuous beginnings, it has systematically incorporated women into its hate-filled mobilization against Muslims and has even distributed *trishuls* among them. Violence against women from Muslim communities was unprecedented during the Gujarat carnage and women from Hindu communities participated actively in the violence.”

*Why post - **Godhra** is blown out of proportion, when no-one talks of the ethnic cleansing of 4 lakh **Hindus** from **Kashmir**?*

# Godhra

- We need not repeat say the Godhra incidents and the tarnished image of India in the world forum. Thousands of Muslims were raped, killed and burnt alive. Even the pregnant women were not let to live. Untold atrocities were committed on Muslim communities with the help of Government Machineries. Hence, being a genocide the reports and post investigations are blown out to bring the truth of cruelty and cunningness of the Ruling Government of Gujarat.
- This is one-way action pogrom committed with the help of police force.
- Whereas in Kashmir no such pogrom was committed, nor any help of Government or police was sought for to drive away any one from the Valley. The so-called exodus was voluntary.
- On the contrary the police and the Indian Army have been at rampage at the citizens of Kashmir under one pretext or the other.

Do you consider that - **Sanskrit** is communal and **Urdu** is secular, **Mandir** is Communal and **Masjid** is Secular, **Sadhu** is Communal and **Imam** is secular, **BJP** is communal and **Muslim league** is Secular, **Dr.Praveen Bhai Togadia** is **ANTI-NATIONAL** and **Bhukari** is Secular, **VandeMatharam** is communal and **Allah-O-Akbar** is secular, **Shriman** is communal and **Mian** is secular, **Hinduism** is Communal and **Islam** is Secular, **Hindutva** is communal and **Jihadism** is secular, and at last, **Bharat** is communal and **Italy** is Secular?

**Answer :**

## Sorting Out Communal & Secular

- Sanskrit has been a fine but forlorn Prime Indian language so far made communal and attached to Brahminical society, depriving rights of others to learn the same. We desire that the Indian Government must take actions to revive Sanskrit throughout the country by various measures. Then only the folly of Hindutva-hijacked Hinduism will come out and people will understand as to where they stand religious-wise.
- Urdu, on the other hand is a sweetest Indian language developed during Mughal rule with the aim of making possible a common understanding and integration between the people of various vernacular languages. If it were the communal language, it would not have been possible for anyone else knowing Urdu except a few, and Urdu would not have been adopted as the Ruling Language of Pakistan. The biggest Industry – Film Industry is the patron and promoter of this Urdu language.
- Mandir has now been made communal by Hindutva policies. Entry into the Mandir is restricted to a few and a large chunk of population is banned to enter several Mandirs due to the forced stigma on them as low-caste. If Mandir were not communal none could have been stopped entering, irrespective of caste, creed or community, not only of Hindus but also of any other religion.
- On the Other hand, entry into Masjid is not restricted to anyone. Then how can Masjid be termed as communal. House of Allah is common for everyone on this earth. Masjid is not even Secular, because except Namaz and reading Al-Qur'aan no other form of worship could be accomplished.
- Speaking on the aspect of equality before God in Islam, the famous Poetess of India, **Sarojini Naidu** says: “It was the first religion that preached and practiced democracy; for, in the mosque, when the call for prayer is sounded and worshippers are gathered together, the democracy of Islam is embodied five times a day when the peasant and king kneel side by side and proclaim: ‘God Alone is Great’...I have been struck over and over again by this indivisible unity of Islam that makes man instinctively a brother.” (S. Naidu, Ideals of Islam, vide Speeches & Writings, Madras, 1918, p. 169)

# Imam & Sadhu

- Let us see the Avatars of Sadhus in India :
  - A Sanyasi Sadhu, who just wanders year round, begs to eat, drinks desi liquor and freely use to smoke Bhang.
  - A Nirvan (Nude) Sadhu, who forgoes his worldly affairs along with his cloths, and shame
  - A Yoga Sadhu who twists and turns his body in different postures and makes money
  - A political Sadhu who forecasts fates of Ministers and flies in Aircrafts and live a Royal life.
  - An opportunist communal Sadhu who only knows how to create hatred between Hindus and Muslims and always plays with the sentiments of Hindus and instigate them against Muslims.
  - A godly actor Sadhu, who plays God and does fraudulent miracles, fooling his gullible disciples
- Whereas an Imam mostly a skilled/semi skilled artisan, who after his prayers tries to earn something from his own profession. In a few Masjids a full time imam after conducting prayers, teaches Arabic reading to the Children, and helps the Management in their day to day maintenance of the Masjid and waqf property. You never see a begging imam, nude imam, intoxicated and inebriant Imam. An Imam is neither communal nor secular. An imam will never instigate Muslims against any other community. He conducts prayers in the mosque. He calms down the boiling situation with good preaching and advocacy of peace. Anyone can attend Friday Prayers and listen him talking and find out what he preaches.
- BJP is brought up and developed opposing Muslims and very much attached to communal forces. It does not fail to attack Muslims and Islam whenever it gets an opportunity. But still Muslims, having no choice vote for BJP in the elections, only to be stabbed at their backs.
- Muslim League is not popular amongst Muslims themselves. Muslim League never instigate a single Muslim against anyone. No Hindu votes for Muslim League. Muslim League is not secular because none other than a few Muslims support it. It is neither communal because the leadership is hardly followed by the Muslims.

# Tagodia's Vand-E-mathram & Bukhari's Allahu Akbar

- Praveen Tagodia is made Anti National in your own words, which is a less description indeed. He is one of the anti-humanity personality. He always talks about sending Indian Muslims to Pakistan or Kabrastan and usurping not only Kashmir but also Lahore of Pakistan. We found an open petition against him which will be presented here too (at the end of this part of explanation) for the benefit of Doctors. From the petition and his daily joking statements that appear in the Newspapers one can judge about him.
- Imam Syed Bukhari never issues any statement against Hindus or Hinduism. Nor does he master much support of Muslims from India. May be fewer from Delhi knows him but generally Muslims of other states know him only by his name.

# Allahu Akbar - *Dev maha osi* & Vand-E-Mathram

- ✂ The **Atharvaveda** of Hindus praises God in Book 20, hymn 58 and verse 3, saying: **Dev Maha Osi** meaning “**God is Verily Great**” which is to say “**Allahu Akbar**”
- Vand-E-mathram – this sounds in South Indian Languages meaning, “verily we come to cheat”. How strange this fits perfectly for VHP/BJP combine. VHP is mislead and misleading other Hindus about Vand-E-mathram because, singing this song is very much against Hinduism, which they do not know. Hindus are proud of their Vedas and want to make India a Hindu Nation making their Scriptures popular, by teaching them in schools. But they do not seem to know their Vedas at all, due to the lack of knowledge of Sankrit Language.
- It is the fundamental principal of the Vedas regarding the concept of God that He has got no image, so how can the Scholars even after knowing this fact keep silent at the wrong practice being done by the people.
- The Vedas proclaim that God has no image, no statue, no picture and no comparison to the least. Then how come the learned Vedantis mislead their Hindu masses with idol worship and incite everyone to sing Vand-E-Mathram, which makes a person confessing committing to idol worship?
- Islam’s fundamental principle is monotheism. No Muslim would ever bow down before an animate or inanimate thing, not before even their own mothers.
- Hence, singing Vand-E-Mathram is not only against Islam but also against Hinduism and much against their Vadas. If Hindus do not care to go against their own principles which they are struggling to uphold, one can understand the integrity and reliability of their traits at any time.
- In the next 3 slides you can read about the Concept of God in Hinduism:

# Concept Of God in Hinduism

- Those whose intelligence has been stolen by material desires surrender unto demigods and follow the particular rules and regulations of worship according to their own natures." (Bhagavad Gita 7:20)

- Let us see the Concept of God in Vedas, The Most Sacred Scriptures of Hindus:

- **Yajurveda**

The following verses from the Yajurveda echo a similar concept of God:

- **"na tasya pratima asti"** (There is no image of Him) ... [Yajurveda 32:3]
- **"shudhama poapvidham"** (He is bodyless and pure) ... [Yajurveda 40:8]
- **"Andhatama pravishanti ye asambhuti mupaste"**
- "They enter darkness, those who worship the natural elements" (Air, Water, Fire, etc.). "They sink deeper in darkness, those who worship **sambhuti**." [Yajurveda 40:9]

**Sambhuti** means created things, for example Statues, Paintings, Drawings, idols, etc.

- **Atharvaveda**

The Atharvaveda praises God in Book 20, hymn 58 and verse 3:

- **"Dev maha osi"** "God is verily great" [Atharvaveda 20:58:3]

# Concept of God In Hinduism

## 1. **Rigveda**

The oldest of all the vedas is Rigveda. It is also the one considered most sacred by the Hindus. The Rigveda states in Book 1, hymn 164 and verse 46:

**"Sages (learned Priests) call one God by many names."** [Rigveda 1:164:46]

*Rigveda Book 8, hymn 1, verse 1 refer to the Unity and Glory of the Supreme Being:*

*"Ma cid anyad vi sansata sakhayo ma rishanyata"*

**"O friends, do not worship anybody but Him, the Divine One. Praise Him alone."**

## 4. **The Brahma Sutra of Hinduism is:**

*"Ekam Brahm, dvitiya naste neh na naste kinchan"*

**"There is only one God, not the second; not at all, not at all, not in the least bit."**

# Concept of God In Hinduism

- **UPANISHADS:**
- The Upanishads are considered sacred scriptures by the Hindus.  
The following verses from the Upanishads refer to the Concept of God:
- "*Ekam evadvitiam*" **"He is One only without a second."**  
[Chandogya Upanishad 6:2:1]
- "*Na casya kascij janita na cadhipah.*" **"Of Him there are neither parents nor lord."** [Svetasvatara Upanishad 6:9]
- "*Na tasya pratima asti*" **"There is no likeness of Him."**  
[Svetasvatara Upanishad 4:19]
- The following verses from the Upanishad allude to the inability of man to imagine God in a particular form:
- "*Na samdrse tisthati rupam asya, na caksusa pasyati kas canainam.*"  
**"His form is not to be seen; no one sees Him with the eye."**  
[Svetasvatara Upanishad 4:20]

# Mislead Hindu Masses

- Hence it is ridiculous and ludicrous on the part of the misguided Sang Parivar who in turn misguides and lead astray the Hindu Masses with their ill-conceived Vand-E-Mathram an idolatry song, that was rejected 60 years before to be unfit for adoption as a National Anthem of India.
- It does sound against the moral ethics of Hindu Vedas. Any sincere Hindu who cares for his belief and religion will readily reject the brainwashing by VHP.

# Shriman & Mian - Jihad & Hindutva

- Shriman is a Hindi Word which does not sound Communal, nor Mian an Urdu Word, expresses any communalism. A Muslim having his mother tongue Hindi, could be called a Shriman and a Non-Muslim having Urdu as his mother tongue is called Mian. These are simply titles as if calling someone with the title "Mr."
- Hinduism is communal in the sense that it does not accommodate new converts into the desired caste, but harbors inequality between the followers. The VHP/Sang Parivar Hindus made Hinduism a more communal Religion, creating hatred and animosity in the minds of Hindus against Muslims and Christians. A convert to Hinduism could not be accommodated in any caste of Hindus. Whereas a convert to Islam is freed from all sort of casteism and filthy titles and proudly walk on the earth with his head held high, as he gets recognized as a 'Human' equal to everyone.
- Jihad is a struggle in life, including that of fighting back in self-defence if anyone attacks. A fight against injustice is Jihad. Either you fight journalistically any injustice or in case the injustice required to be dealt with only with power, apply moderate means, without acting on personal vengeance, that is too is terms as Jihad. Law of any country does not ask a person to keep quite when he or she is attacked. If an attacker is killed during this sort of fight, this cannot be termed as a murder. It is an internationally recognized law. Oppression is not Jihad but fighting back the oppression is Jihad. We have no objection if Hindus practise the above principles. The Freedom fight by Hindus and Muslims prior to 1947 was of course a Jihad, Jihad against British. Any Freedom movement of a people of a country can be termed as Jihad because when people see injustice and oppression by the ruling government, they raise against that injustice. Hence it is termed as Jihad. For Jihad there are a number of rules and regulations and observance of these is a must for a Muslim.
- Hindutva is to simply attack Muslims and Christians under any pretext or other. Hindutva orchestrated by VHP/Sangh Parivar is : Hijacking Hindu Festivals to attract women, Creating more and more festivals to cover maximum possible gullible masses from all castes of Hindus to build a strong base, making these festival congregations to implant hatred and vengeance against Muslims telling lies, distributing Trishuls, making false accusations, Issuing provoking statement with harsh and objectionable language, calling names, insulting the Prophet of Islam, claiming the Property of Masjids, organizing processions routing through Muslims Markets, on the way looting and arsoning Muslims property under the accusation of stoning by Muslims, making nuisance and noise before Masjids exactly at the time of prayers, objecting to Adan (Call of Prayer) from the Masjids, without any solid reason. Simply hating, Muslims, Islam and Christianity, etc. etc.

# Citizenship

- It is the practice of all the nations on the globe that once citizenship is granted to anyone, he is treated at par with other citizens as such. The first lady of the Nation, wife of Ex-PM is not an exception to this.
- Bharath is the name of India and not communal, except a selected few. Italy does not come in the picture and it is a misquote here to say Italy is either communal or secular.

*Why **Temple** funds are spent for the welfare of **Muslims** and **Christians**, when they are free to spend their money in any way they like?*

**Answer :**

## Temple Funds For Muslims & Christians

- Temple Funds are not diverted to Muslims or Christians as assumed by VHP, rather it is a clever tactics to offer a helping hand to the loss making Air India under the guise of Subsidy to Pilgrims. The Airline over charge the Pilgrims and the Government offers discounted amount to Air India in the name of paying Subsidy to Muslims. It is like saying getting 2 mangoes with a single through of a stone. You make the Muslims feel helped and stay with the ruling party, while compensating the loss made by Air India throughout the year, within a short span of 40 days time make 100,000 pilgrims to fly through Air India, thus getting a profit of 800 to 900 million Rupees within 40 days to the loss making Airlines.
- No Muslim is ready to receive any fund offered to Temples. If the Hajj Committee is allowed to float Tender Globally for Chartered Flights, Muslims will have their Hajj Pilgrimage journey accomplished with lesser amount paid as Air fare.
- Now that Israel has become the friend of India, they too need a large number of Tourists at least to stay for 5 days at Israel. An assured Tourism Business to Israel !! Hence the Government now planning to pay subsidy to Christian Pilgrims going to Bethlehem and Jerusalem. This is an internal arrangement of Israel Government with India, in return India gets Military and surveillances Equipment from Israel.
- If Pilgrimage subsidy was so thorny a problem for VHP Hindus, why then they did not take up this issue and stop the subsidy to Muslims during the period of BJP Rule over India for several years ? This explains the ploy behind offering subsidy.

*When uniform is made compulsory  
for school children, why there is no  
**Uniform Civil Code** for citizens?*

## Uniform Civil Code

- The implementation of Uniform Civil Code will be hindered not by Muslims but by Hindus only due to the fact that they will be the most affected people who have to give away several of their present practices with several different codes governing their societies. If UCC has to be implemented then you will have to change the Constitution itself, accommodating Uniform Civil Code. You cannot compare Uniform Civil Code with School Uniform because Different Schools have different colors, shades and styles of Uniforms, there is no Uniformity in the use of prescribed Uniform for School Children.
- When the Hindu Code Bill, which covers Buddhist, Sikhs, Jains as well as different religious denominations of Hindus, was notified, there was a lot of protest. And the then Law Minister, Dr. Ambedkar, had said that for India's unity, the country needs a codified law.
- BJP is not at all serious about the Uniform Civil Code. It has been playing up the issue time and again for the sake of anti-Muslim propaganda and not for a pro-women measure. I believe there are two kinds of people, one, who believe in secularity of state and stand for gender equality and secular laws and two, who are anti-Muslim and eye political benefits resulting from Muslim resentment. (Dr Asghar Ali Engineer, Islamic Scholar & Theologian)

# Uniform Civil Code – Comments by Law Experts

- Personal laws largely concern the Minorities. Matters like property, marriage etc. are however, still a function of religious identity for Hindus as much as there are for Muslims and Christians. Also, Hindu code bill did not lay the foundation of '*secularization of Hindu laws*'. The law has missed granting minorities within the Hindu fold itself, a decent and deliberative space. There are various ambiguities within the Hindu laws itself. Therefore, there is a real need to evaluate and reevaluate the Hindu code itself along with the Christian and Muslim personal laws so that they are in consonance with the constitution and other codified laws like IPC, Cr.P.C. etc.
- The Uniform Civil Code does not mean a Hindu Code. It means an attempt to inculcate **the best** from all the communities and religions, both minorities as well as majority. The Code shall not endanger the freedom of religious minorities in any way. It will rather reflect the sanctity of one's religious beliefs and practices in a more matured form.
- Need of the hour is to evolve a mechanism to check religious misinterpretation, for which a Uniform Civil Code is desirable.
- The Hindu Marriage Act prohibits marriage between two persons within the prohibited degrees of relationships. For example, a Hindu cannot marry his own brother's or sister's daughter. However, the Act immediately adds that such marriages are valid if permitted by the customs governing the parties to the marriage. In the South there is a custom to marry one's sister's daughter, while in the North it is prohibited; \* Though '*Saptapadi*' is essential for solemnising the marriage but not so if it is not required under the customs governing the parties to the marriage. In the matter of succession and inheritance, the '*mitakshara*' and '*dayabhaga*' schools have different rules of succession with even different sub-schools within the former. For example, while in the North, in a partition between father and sons, the mother is given a share equal to that of a son. In the South, this practice has fallen into disuse and hence the mother would not get a share.

# Uniform Civil Code

- For the enactment and implementation of Uniform Civil Code more hostile are the Hindus themselves but it has been projected in the media as if only Muslims are opposing. On the contrary If UCC is enacted with the aim to include “THE BEST” of laws available in India as well as on this earth, Muslims are quite confident that being given an opportunity to enter into an open and unbiased discussion and arguments with the Law makers and general public to vote for the best law, Islamic Sharia Law will prevail.
- The areas to be discussed are :
  - **Marriage, Divorce, Inheritance, Adoption, Commercial Law pertaining to Banks and Interest, Women’s Rights, Criminal Law**
  - **Any other law wherever Sharia Law is argued.**

# Sharia Laws Are the Best – We Will Prove This....

- **Some Examples :**
- **Hindus are more polygamous than Muslims.**
- **Abolishing polygyny will result in several women remaining unmarried which will result in increase of immorality. Hindus will increase in clandestine activities maintaining “Keeps” rather than getting married offering the women the status of wives. This in turn will result in illegitimate children or murder of children after birth or increase in feticide. The population of street children will increase. The affected women will have no rights of property, nor a dignified life.**
- **Islam offers the women a dignified position of ‘wife’ and all the rights in the property, along with safety of the children.**
- **Women receiving equal share will be having equal financial responsibilities and spending almost 80 per cent of the share they acquired. Whereas according to sharia female receiving half of the share of a male would not require to spent a single paisa for anyone. All property she gets will be hers, ie. if a male child gets 2 lakhs from the father’s property, female child gets 1 lakh (half the amount of the male). The male need to spend for his parents, his wife and children, attend guests etc, more than 80% he spends in that process, out of his acquired property. The female need not spend a single paisa for anyone. Entire amount his hers. If according to the Hindu law she is given equal share, then she has to spend equally, which surely erodes her share because she has to spend for the parents, guests, her own children, and husband brothers and sisters.**
- **In Hinduism whatever a women earns would be shared by her husband the children too, whereas in Islam her entire earning belongs to her only. She, if wishes, may extend a helping had to her husband. Earning for family maintenance is the responsibility of male in Islam.**
- **Banking set up will change. All the Banks are required to open Islamic Banking system, which is the best and fast getting adopted throughout the world. An investor will have to share the loss too, which will be opposed by the Hindu Depositors and Interest-eaters.**

## Ismalic Criminal Law Suggested by Tagodia & Advani

- Your Ex-Home Minister L.K. Advani was in favour of Islamic Punishment (Death) for the Rapists of Nuns.
- Your VHP international General Secretary Dr. Parveen Tagodia is in favour of Islamic Punishment and demanded death sentence for any body indulging in preaching, learning and practicing extremism in the country.
- No doubt India needs a law to curb criminals, drug pushers, rapists, terrorists, illicit liquor manufacturers and sellers, public and private property encroachers, trespassers, mafia gangs, dishonest politicians, Corrupt Government Officials etc. Islamic Law is the best solution, implement the law and see the results.

*In what way, **J&K** is different from  
Maharashtra, TamilNadu or  
UttarPradesh, to have **Article 370**?*

# Article 370

- This article specifies that except for Defence, Foreign Affairs and Communications, (matters specified in the instrument of accession) the Indian Parliament needed the State Government's concurrence for applying all other laws. Thus the state's residents lived under a separate set of laws, including those related to citizenship, ownership of property, and fundamental rights, as compared to other Indians and other Indian State.
- Similar protections for unique status exist in tribal areas of India including those in Himachal Pradesh, Arunachal Pradesh and Nagaland.
- Maharashtra, Tamil Nadu and Uttar Pradesh were not ruled by Separate Maharajas at the time of Independence, ie. on 15 August 1947, and none signed such an agreement with Government of India. Nor any matter relating to these states rests with UN Security Council.
- Jammu & Kashmir's Accession is recognized by United Nations as a disputed matter and rests with UN Security Council. The Government of India vide 1974 Indira-Sheikh Accord committed itself to keeping the relationship between the Union and Jammu and Kashmir State within the ambit of this article.

*Abdul Rehman Antuley was made a trustee of the famous **Siddhi Vinayak Temple** in Prabhadevi, Mumbai ....*

*Can a **Hindu** - say **Mulayam** or **Laloo** – ever become a trustee of a **Masjid** or **Madrasa**?*

# Trustees of Mandir & Masjid

- It is very simple to understand that due to the misappropriation of Funds at Siddhi Vinayak Temple by previous Trustees, and Abdul Rahman Antuley was being an honest Muslim was expected to head as a Trustee (Trustworthy).
- According to the Waqf Act only a Muslim can become Chief Executive Officer.
- In case of such dishonesty occurring within the community of Muslims, by Waqf Board Trustees and on non-availability of any honest successor, the Government may consider or suggest Non-Muslims as Trusty of Waqf Board and Waqf Board Properties.
- It has been noted that half of the Waqf properties, between 2 lakhs to 2.5 lakhs acres were encroached and most of the encroachments is by government departments.

*Dr. Praveen bhai Togadia has been arrested many times on flimsy grounds.*

*Has the Shahi Imam of Jama Masjid, Delhi, Ahmed Bhukari been arrested for claiming to be an ISI agent and advocating partition of Bharat?*

# The Unfit Dr. Tagodia & His Inhuman Activities

- **Praveen Swami** currently believed to be closely working with hindutva zealots in Intelligence Bureau and engaged in creating fake stories against Maoists and Moslem youths. Within a short period of time, Praveen Swami successfully developed close relation with lobbying groups for weapon trade in various security apparatus of the country. Even though, his personal wealth is unknown to public, he should be one of the major beneficiary of procurement of security equipments to police and defence departments. (<http://sanghparivar.wordpress.com/2007/01/13/praveen-swami/>)
- **Medical Practice is a Noble Profession.** Doctors across the world generally well respected and greeted. But see the case of Dr. Tagodia who crossed all ethical norms of a medical profession. We found the following petition on the web and reproduce the same for the benefit of Doctors, who are really noble and care for the welfare of the humanity :

To, The President,  
Medical Council of India,  
Firoz Shah Kotla Road,  
New Delhi – 2.

After the Godhra carnage on 27th February, 2002, the Vishva Hindu Parishad (VHP) gave a call for Gujarat Bandh on 28th February, 2002 which resulted in the death of about 2000 Muslims, rapes and gang rapes of Muslims women, destruction of thousands of houses and shops belonging to Muslims and destruction of about 250 cultural and religious monuments. The mobs, which committed these atrocities, were on many occasions led by VHP leaders. Dr. Togadia has been one of the chief spokesperson of VHP. At no time has the VHP or Dr. Togadia condemned this violence. On the other hand they have missed no opportunity to justify it.

We also submit that Dr. Togadia is the International President of Vishwa Hindu Parishad (VHP) and is thus liable not only for his personal actions but also for the actions of the Vishva Hindu Parishad. We would like to draw your attention towards Dr Togadia's comments and actions and hence enlist these instances along with the regulations that it violate.

5. However, contrary to this on 28th February 2002 at 9 a.m. at Naroda behind State Transport Workshop in Ahmedabad Dr. Togadia instigated a mob which had gathered at the main chowk in front of Nataraj hotel wearing saffron scarves and khaki shorts. This was reported as the cover story named Saffron Terror by Praveen Swami dated 31st December, 2002.

2. Justice A. P. Ravani (a retired High Court Judge from Gujarat) testified before Citizens Tribunal about doctors being threatened against treating Muslim patients by VHP. He knew of one doctor in Shahibag area who attended to 17-20 deliveries of Muslim women staying in relief camps. The doctor was personally threatened by Dr. Togadia himself, “stop this, otherwise consequences will not be good “. Other doctors also received similar threats. This is in stark opposition to the above-mentioned declaration. (Source: Crime Against Humanity – Concerned Citizens Tribunal, Gujarat 2002. Volume-II, page: 118, 1.3 )
3. Dr. Togadia runs a hospital called Dhanvantri Hospital in Ahmedabad. Doctors testified before the Citizen Tribunal that on February 28, Dr.Togadia had put an advertisement, which was telecast on Citicable in Ahmedabad asking all doctors and nurses to report to his hospital. Obviously this was done to keep Hindu doctors away from Muslim run hospitals or to treat Muslim patients through threats and warning. This also goes against the oath taken and declaration made. (Source: Crime Against Humanity – Concerned Citizens Tribunal, Gujarat 2002. Volume-II, page: 118, 1.2)

4. In a press conference held on 14th December, 2002 at Jaipur Dr. Togadia stated “We will make a laboratory of the whole country. This is our promise and our resolve. If madrasas, the jehadi laboratory, are allowed to educate to kill non-Muslims. Why can’t we have our own laboratory? I cannot waste even two days in building the laboratory. Rajasthan has already become the laboratory of Hindutva...The people of Gujarat have paid their tribute to the Ram Bhaktas of Godhra. Gujarat has become the graveyard of secular ideology and we will extend it to Delhi via Jaipur.” The above was reported in the Hindustan Times issue of 16.12.02
5. In addition to this, in a recorded video Dr. Togadia said (00:42:28) “It will be asked, who was shouting the slogans? Did the father-priest of America say it? Against Mohammed, they were only shouting words, slogans. Were they abusing Muslims? Were they doing good publicity for Muslims? Then they will say, no, they were not saying this, then which slogans were they shouting, they were shouting slogans of – Jai Shri Ram. Are if the slogan of Jai Shri Ram cannot be shouted in Godhara, then will we go to Mecca-Madina to shout them? And who are you to stop my slogan of Jai Shri Ram, we will thrash those who stop the slogan of Jai Shri Ram and send them to Pakistan.”

- On 17th December 2002 speaking at a meeting at Delhi Dr. Togadia said the following: "The Muslims here will enjoy the same place or status as Hindus enjoy in Pakistan, may be even slightly better status." A copy of the 18th December 2002 issue of Hindu
- All the aforesaid clearly shows that Dr. Togadia was a clear participant in instigating Hindus to attack innocent Muslims and preventing Muslims from getting adequate medical relief. He has acted in a manner aiding and inflicting torture on innocent people and has aided and abetted in violation of the laws of the country.
- Hence, we believe that Dr. Togadia is guilty of having committed misconduct under the Medical Council rules and has breached the code of medical ethics as well as the Declaration required to be signed by him at the time of enrolment. He is guilty of having also committed violation of Sections 153A and 153B of the Indian Penal Code. Accordingly, we from the medical fraternity do not find Dr. Pravin Togadia fit to continue as a doctor.
- We therefore request you to take appropriate disciplinary action against Dr. Togadia and cancel his registration. Please treat this as very urgent and let us know as to what action you plan to take against Dr. Togadia. Thanking you, Yours truly,

# Imam Bukhari

- Syed Ahmed Bukhari said that Muslims are being harassed and dubbed as ISI agents.
- The fake newsmakers of Hindutva will go to any extent stooping too low to the depths of violence and villainy.
- Calling Muslims Terrorist and ISI Agents is Hindutva's daily mantra, which has no effect or creates any more takers amongst Muslims.

- The cat closes its eyes and **thinks that the world is dark !!**
- India is NOT a Hindu Nation. Nepal gave up its Hindu identity. There is no more a Hindu nation existing in this world.
- The combination of Muslim, Hindu and Christian leaders may be quite new to VHP.
- It has been happening since long wherever there had been Muslim rule. Refer “Hinduism Answered Part-I” for such details.
- The Indian History is enough to see several examples of Hindus' high positions with Muslim rulers.

# Today's Hinduism

The way of life of Hindus is against their Vedas. Hinduism now being an idolatry religion, can NEVER become a way of life. The natural way of life is the one which strictly follows Truth, leaving behind the falsehood for ever.
